- (a) RADON GAS: Radon is a naturally occurring radioactive gas that, when it is accumulated in a building in sufficient quantities, may present health risks to persons who are exposed to it over time. Levels of radon that exceed federal and state guidelines have been found in buildings in Florida. Additional information regarding radon and radon testing may be obtained from your county health department.
- (b) PERMITS DISCLOSURE: Except as may have been disclosed by Seller to Buyer in a written disclosure, Seller does not know of any improvements made to the Property which were made without required permits or made pursuant to permits which have not been property closed.
- (c) MOLD: Mold is naturally occurring and may cause health risks or damage to property. If Buyer is concerned or desires additional information regarding mold, Buyer should contact an appropriate professional.
- (d) FLOOD ZONE; ELEVATION CERTIFICATION: Buyer is advised to verify by elevation certificate which flood zone the Property is in, whether flood insurance is required by Buyer's lender, and what restrictions apply to improving the Property and rebuilding in the event of casualty. If Property is in a "Special Flood Hazard Area" or "Coastal High Hazard Area" and finished floor elevation is below minimum flood elevation, Buyer may terminate this Contract by delivering written notice to Seller within 20 days after Effective Date, failing which Buyer accepts existing elevation of buildings and flood zone designation of Property.
- (e) ENERGY BROCHURE: Buyer acknowledges receipt of Florida Energy-Efficiency Rating Information Brochure required by Section 553.996, F.S.
